

Maximise your reach and engagement!

The Wellcome Connecting Science (WCS) Learning and Training programme develops and delivers training and conferences that span basic research, cutting-edge biomedicine, and the application of genomics in healthcare; attracting global leading research and clinical scientists from a broad range of scientific fields.

Partnering with a WCS conference offers a unique opportunity to place your organisation at the centre of multidisciplinary scientific, academic, and clinical healthcare communities. Increase awareness for your brand or products and develop valuable connections with a global audience of targeted biomedical experts, led by genomics research.

Hybrid event sponsor package

Standard: £3,500 +VAT

- Two full event registration passes (excludes accommodation)
- 3.5m wide exhibitor space – includes a table, two chairs, and electrical/internet connection
- Full colour logo displayed on:
 - Event website, plus virtual event portal if used for the event
 - Pre-event attendee logistics email
 - Opening and closing, and all break slides
- Logo on conference webpage
- Acknowledgement on all meeting signage.

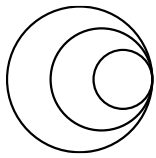

Enhanced with a networking reception: £4,000 +VAT

- All elements from the package above
- Opportunity to submit a digital flyer to promote your products or services
- Exclusive sponsorship of a networking reception with an optional 15-minute “TED Talk” style presentation opportunity. **Available for one sponsor per event on a first-come, first-served basis, up to six weeks before the event start date. *Please note: only a microphone is provided.***

The deadline for receipt of the signed event booking form to secure your sponsorship, is one month prior to the start date of each event when booking the ‘standard’ package, or six weeks when booking the ‘enhanced’ package, otherwise we reserve the right to decline your participation.

Our current conferencing programme is delivered in hybrid format, offering our delegates the opportunity to join us at our stunning Hinxtton Hall Conference Centre facilities, based at the Wellcome Genome Campus, in Cambridge, or to participate online via our virtual conference portal.

For more information about sponsoring our scientific conferences, or to ask a question about the package above, please contact Catherine Holmes, Marketing and Communications Lead –
