

Hybrid Conference Programme

Start (GMT)	Finish (GMT)	Presenter details
Monday 2 March 2026		
12:00	13:00	Registration, lunch and networking
12:45		Briefing for Session 1 speakers, microphone runners, chair, moderator & committee - Auditorium
13:00	13:10	Welcome and introductions
		Wellcome Connecting Science: Liâ Bárbara Arruda, Wellcome Connecting Science, UK
		Scientific programme committee: Lindsay Hall, University of Birmingham, UK Niranjan Nagarajan, National University of Singapore, Singapore Denise Morais da Fonseca, University of São Paulo, Brazil Alan Walker, University of Aberdeen, UK
13:10	14:10	Keynote 1
		<i>Chair: Denise Morais da Fonseca, University of São Paulo, Brazil</i> <i>Moderator: Niranjan Nagarajan, National University of Singapore, Singapore</i>
		Design, manufacture, and engraftment of live microbial therapeutics for infectious and inflammatory disease Jeremiah Faith, Ichan School of Medicine at Mount Sinai, USA
14:10	14:15	Comfort break
14:15	15:45	Session 1: Microbiome in early life
		<i>Chair: Alan Walker, University of Aberdeen, UK</i> <i>Moderator: Niranjan Nagarajan, National University of Singapore, Singapore</i>
14:15	14:45	Rational repair of gut microbiome assembly in infants from non-industrialized countries to improve health outcomes Trevor Lawley, Wellcome Sanger Institute, UK
14:45	15:15	A systems immunology approach to uncover how the gut microbiota supports optimal infant vaccine responses. David Lynn, SAHMRI, Australia
15:15	15:30	Impact of early life antibiotic and probiotic treatment on gut microbiome and resistome of very-low-birth-weight preterm infants Raymond Kiu, University of Birmingham, UK
15:30	15:45	Preferential sharing of viruses between mothers and infants in early life Evelien Adriaenssens, Quadram Institute Bioscience, UK
15:45	16:30	Refreshment break and networking
16:15		briefing for session 2 speakers, chair & moderator - Auditorium
16:30	18:00	Session 2: Advances in microbiome techniques (experimental-based approaches)
		<i>Chair: Lindsay Hall, University of Birmingham, UK</i> <i>Moderator: Niranjan Nagarajan, National University of Singapore, Singapore</i>
16:30	17:00	Towards personalised microbiome research through cultivation Thomas Clavel, RWTH Aachen University, Germany
17:00	17:30	Regulation of antagonism and protection in the gut Bacteroidales Laurie Comstock, University of Chicago, USA
17:30	17:45	Gastrointestinal Transit Time Modulates the Mouse Gut Microbiome and Metabolome in a Dietary Fiber-dependent Manner and Regulates Satiety Hormone Levels Independently of Dietary Fiber Anna Pii Hjørne, Technical University of Denmark, Denmark
17:45	18:00	Culturomics-Based Discovery of Gut Commensal <i>Enterococcus xiangfangensis</i> for Alcoholic Hepatitis Treatment Chang Liu, Shandong University, China
18:00	18:40	Poster pitch talks for odd number posters
18:40	19:40	Poster session 1 for odd number posters
19:40		Dinner
19:40		Bar open (card payments only)

Tuesday 3 March 2026

09:15		Briefing for Session 3 speakers, chair & moderator - Auditorium
09:30	11:00	Session 3: Advances in microbiome techniques (analytical approaches)
		<i>Chair: Niranjan Nagarajan, National University of Singapore, Singapore</i> <i>Moderator: Denise Morais da Fonseca, University of São Paulo, Brazil</i>
09:30	10:00	From Precise Microbiome Genomics to Precision Medicine <u>Ami Bhatt, Stanford Medical School, USA</u>
10:00	10:30	Functional plasticity in microbiome-host interactions <u>Naama Geva-Zatorsky, Technion, Israel</u>
10:30	10:45	Large-scale skin metagenomics reveals extensive prevalence, coordination, and functional adaptation of skin microbiome dermotypes across body sites <i>Chengchen (Cherry) Li, Genome Institute of Singapore, National University of Singapore, Singapore</i>
10:45	11:00	Strain sharing and persistence of microbial pathogens colonizing the skin of residents in a regional nursing home network using Shotgun Metagenomics and WGS <i>Yaovi M. Gildas Hounmanou, University of Copenhagen, Denmark</i>
11:00	11:45	Refreshment break and networking
11:30		Briefing for session 4 speakers, chair & moderator - Auditorium
11:45	13:15	Session 4: One health and the microbiome
		<i>Chair: Alan Walker, University of Aberdeen, UK</i> <i>Moderator: Denise Morais da Fonseca, University of São Paulo, Brazil</i>
11:45	12:15	Plant Microbiome Engineering for Climate-Smart Agriculture <u>Shilpi Sharma, Indian Institute Of Technology Delhi, India</u>
12:15	12:45	Sustainable livestock production for the benefit of planetary health <u>Sharon Huws, Queen's University Belfast, UK</u>
12:45	13:00	Exploring the Untapped Potential of Livestock Microbiota in Low- and Middle-Income Countries <i>Laura Glendinning, University Of Edinburgh, UK</i>
13:00	13:15	Exploring the Human Gut Microbiome Diversity in Latin America: Focus on Populations at Nutritional Risk <i>Maria Alejandra Soto, Universidad de los Andes, Colombia</i>
13:15	14:30	Lunch and networking
14:15		Briefing for Session 5 speakers, chair & moderator - Auditorium
14:30	16:00	Session 5: Oral microbiome
		<i>Chair: Lindsay Hall, University of Birmingham, UK</i> <i>Moderator: Niranjan Nagarajan, National University of Singapore, Singapore</i>
14:30	15:00	The role of microbial oral-gut translocation in inflammatory diseases <u>Melanie Schirmer, Technical University of Munich, Germany</u>
15:00	15:30	New insights on oral microbiome function and health <u>Gary Moran, Dublin Dental University Hospital, Ireland</u>
15:30	15:45	Gut <i>Fusobacterium animalis</i> predicts poor outcomes in biliary tract cancer patients treated with combination immune checkpoint blockade <i>Ashray Gunjur, Wellcome Sanger Institute, UK</i>
15:45	16:00	Models to determine functions of the oral microbiome for personal care products safety assessments <i>Aline Metris, Unilever, UK</i>
16:00	16:45	Refreshment break and networking
16:45	17:15	Poster pitch talks for even number posters
17:15	17:30	Sponsored talk by Alessandro Busetti, Metabolon
17:30	18:30	Poster session 2 for even number posters
19:00		Dinner
19:00		Bar open (card payments only)

Wednesday 4 March 2026

09:15		<i>Briefing for Session 6 speakers, chair & moderator - Auditorium</i>
09:30	11:00	Session 6: Microbiome in women's health
		<i>Chair: Denise Morais da Fonseca, University of São Paulo, Brazil Moderator: Lindsay Hall, University of Birmingham, UK</i>
09:30	10:00	Impact and role of the skin microbiome in menopause <i>Thomas Dawson, Agency for Science, Technology and Research (A*STAR), Singapore</i>
10:00	10:30	Harnessing Naturally Stable Lactobacillus crispatus Communities to Inform Live Biotherapeutic Product Development in African Women <i>Jo-Ann Passmore, University of Cape Town, South Africa</i>
10:30	10:45	Cardiometabolic disease, not menopause, drives gut microbiome variation in African women <i>Luicer Anne Ingasia Olubayo, University of the Witwatersrand, South Africa</i>
10:45	11:00	Maternal Factors Affect Maternal–Fetal Communication Through Microbiota-Derived Extracellular Vesicles <i>Jenni Turunen, University Of Oulu, Finland</i>
11:00	11:45	Refreshment break and networking
		<i>Briefing for Keynote, chair, moderator & committee - Auditorium</i>
11:45	12:45	Keynote 2
		<i>Chair: Lindsay Hall, University of Birmingham, UK Moderator: Alan Walker, University of Aberdeen, UK</i>
		Microbiome and multi-omics dynamics during infant development <i>Alexandra (Sasha) Zhernakova, University Medical Centre Groningen, The Netherlands</i>
12:45	13:00	Closing Remarks
		<i>Scientific Programme Committee:</i>
		<i>Lindsay Hall, University of Birmingham, UK Niranjan Nagarajan, National University of Singapore, Singapore Denise Morais da Fonseca, University of São Paulo, Brazil Alan Walker, University of Aberdeen, UK</i>
13:00	13:50	Lunch and departures
		Coach departures for Stansted and Heathrow airports
		Coach departures for Cambridge train station and city centre
